

# Classroom Curriculum Planning Planner

## Which classroom curriculum planning framework do I use?

Fill out the planner using the 3 frameworks I have covered on my [website](#), thinking about how each model modifies the various areas. I have added one column for you to add a further one that you will come across. Completing the planner will help you make decisions at a glance and help you establish some very intentional classroom planning for the benefit of the learning of ALL your students.

	<a href="#">Bloom's Taxonomy</a>	<a href="#">Maker's Model</a>	<a href="#">Williams' Model</a>	
<b>Curriculum area</b>				
<b>Content</b>				
<b>Teaching Process/strategy</b>				

<b>Product</b>				
<b>Learning Environment</b>				
<b>Suited best for which of my students?</b>				

Need help filling out your Curriculum Planner printable?

The introductory course, [Classroom Planning for Inclusion - Supporting the learning needs of ALL students in your classroom](#) can help. Here, I tell you all about the 3 key curriculum frameworks, and show you how to use them for your planning. The BONUS? When you have completed the course, you can add 5 hours to your professional development log. And if you live in the Australian Capital Territory, you automatically qualify for 5 hours of Accredited Professional Learning.
